Affiliated with Mumbai University

AGI CAMPUS, BOARD ROOM,

21ST MARCH, 2025, 11.00AM

5. Prof. Jamshid Bhiwandiwalla Explained the vision of college and focus on conducting seminars, workshops so as to give exposure to students.
6. Ar.Hafeez Contractor appreciated the vision and gave some suggestions
    a. after 3 years, identify the student's strength. Not all students are good in design.
    b. Groom them to excel in other areas like material or contracts, tenders.
    c. Try to create specialization in students to benefit them in getting work.
    d. should teach modern architecture in detail, not as part of history, but to understand the reason, and the story, material behind the structures, such that the student is inspired to design.
7. Prof. Jamshid Bhiwandiwalla then Explained the process of teaching Design subjects in all years and the pedagogy. Ar.Sukumar Dharmadikari and Prof. Rita Nayak then explained the scale and process of teaching final year students -DD and design
8. Ar. Hafeez Contractor appreciated the efforts and gave a suggestion which was appreciated and agreed by all
    a. final year student should work on Project from Builder point of view, taking costing into consideration.
9. Ar Sukumar Dharmadikari suggested,
    a. A project report to be made on the same.
    b. Feasibility Report should be made by final year students to get more Practical outlook.

ITEM I-

(i) **NEP 2020 and integration of IKS into the Pedagogical approach**: Integrating NEP 2020 in the Pedagogical approach. As per NEP 2020 Indian Knowledge system and Vernacular architecture should also be part of the curriculum for all years.

ITEM 2

(ii) **Building Culture of learning:** Building a culture of Learning in Campus through better teaching methods and curriculum adjustments. The discussion concluded with a suggestion to translate these ideas into a program for further experimentation.

ITEM 3

(iii) **Creating Supportive Learning Environments:** the need for counselling and guidance was highlighted in today's fast-paced world, where students are often overwhelmed by information and social pressures. Committee suggested incorporating psychometric evaluations and career counselling to better understand and support students' needs.

ITEM 4

(iv) **Multidisciplinary Approach**: discussion to integrate psychology, sociology, anthropology, culture and semiotics in teaching curriculum to develop deeper understanding of human needs and experiences, leading to more thoughtful, culturally sensitive, and impactful architecture and art.

ITEM 5

(iv) **Industry Integration**: The panel stressed the importance of industry partnerships, in line with NEP 2020, to provide practical experience through live projects and area byelaws in design studios. Teaching economics and budgeting ensures students are equipped to manage costs and balance creativity with feasibility.

HIGHLIGHTS OF THE ACA BUDGET 2025-26

a conservative approach to finances has led us to save 10 to 12% of the estimated budget for 2024-25

However this has not stopped us to spend 15% of the budget on student welfare (details ahead)

30% of upgrading college infrastructure, labs and maintenance

And 60% of the estimated budget on full time and visiting faculty salaries.

the estimate budget for 2025-26 is approx. 65 to 70% of the projected income, on similar lines of the previous year.

Projected estimate to accommodates a budget for the newly approved B Design program by way of art lab workstations, equipment and books for both B. Des and BFA programs.

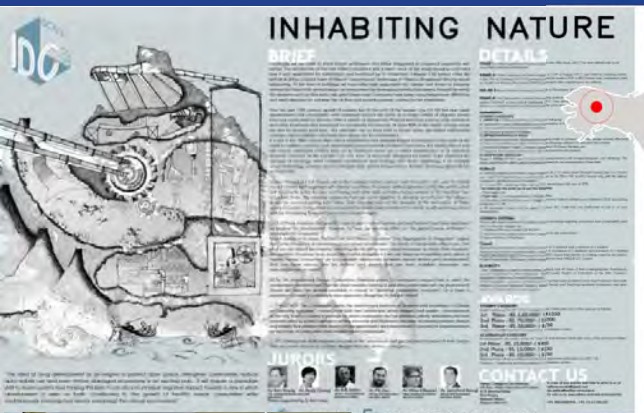
A total of **118 UIA nations** are invited by ACA yearly for IDC

A total of over **1300 institutes** are invited by ACA yearly for IDC



Since 2013 ACA successfully hosted 10 editions of **IDC's** and **received over 210 registrations from 34 countries and over 100 submissions from 22 Countries** namely - Bangladesh, Belgium, China, Cyprus, Greece, Indonesia, Iran, Ireland, Israel, Malaysia, Netherlands, Pakistan, Philippines, Russia, Srilanka, Taiwan, Tanzania, Thailand, USA, Vietnam, Dubai & India.

International Design Competition is an ACA initiative, ever since its inception to reach out to the wider context of Asia and share our common concerns and cultural understandings. The objective of the competition is to facilitate ideation, innovation, creativity, dialogue and sharing among student communities belonging to varied nations of ARCASIA

In 2017 the competition was made to the Architectural Institutes belonging to 118 member nations of UIA – International Union of Architects. We received over 218 registrations with over 100 entries .

INTERNATIONAL DESIGN COMPETITION 2023-24

COMPETITION THEME: "Architecture by the Edge"

In alignment with the vision of *Globally Recognised* Leadership *in Architectural Education,* the International Design Competition provides a global platform for under-graduate and post -graduate students of architecture as well as young architects to put forth innovative design ideas and push the boundaries of architectural thought.

This year's theme aims to bring into focus the poignant concern of water as a perishable resource and to resurrect the deep connections and sanctity synonymous with the use of water.
